Nurse-Family Partnership® (NFP) International

International NFP education forum

June 17, 20.00 hours GMT,2024 (June 18 2024 for Australia)

Members: Gail Radford Trotter (chair), Anna Lindberg (notetaker), Kristin MacLellan (Nova Scotia – in for Victoria Iaboni), Belinda Provan (Australia), Maria Evgenieva (Australia), Kristin Lund (Norway), Emma Broberg (Norway), Lesley O'Donnell (Scotland), Nicole Hobson (England), Lindsay Crowell (Ontario, Catherine Magennis (Northern Ireland), Deirdre Webb (NFP Global Director), David Olds

Regrets: Elly Yost, Sara Lynch, Jennifer Scarr, Penny Liao-Lussier, Amanda Malthouse

Chair: Gail Radford-Trotter

Note taker: Session to be recorded/Anna

1. Greetings, welcome to new members and apologies/regrets

2. Any issues arising from last meeting

3. Discussion: Child Abuse & Neglect Special Issue paper

- [#children-s-right-to-participation-in-the-context-of-child-abuse-and-neglect](https://www.sciencedirect.com/journal/child-abuse-and-neglect/about/call-for-papers?utm_campaign=STMJ_213498_CALLP_HYB&utm_medium=email&utm_acid=81404795&SIS_ID=&dgcid=STMJ_213498_CALLP_HYB&CMX_ID=&utm_in=DM413139&utm_source=A_C)
- Papers due at end of July

4. Quality Improvement Project updates Deirdre/All

- ➔ Deirdre created an outline/draft of the paper -- *Quality Improvement Project - How does the Family Nurse support clients who experience a child being removed from her care?*
- We sent out the brief questionnaire and a couple weeks ago, Anna asked for Ed leads to send names of supervisors to be interviewed...those are currently being scheduled.
- More suitable to be an ongoing project versus a submission to the CAN Special Issue.
- Some further thoughts that came from the chat:
- Belinda (Australia):
In Australia we would of had to manually count the data. It has prompted us though to collect this valuable data and it will be added into our data set system for staff to collect ongoing from 2025.
- Lesley (Scotland): Could this be suitable for the CAN journal at a later date, and not specifically the special issue? It sounds like it would be hard to understand the system in the first place. Without that it's pretty challenging to undertake a QI project.
- Lindsay (Ontario): I echo others and would add that we in Ontario have been able to support clients when a child has been removed since we started, however we just started to be able to

report indicators of this as of last year. So we have lots to share in terms of practice but data isn't readily accessible yet.

- Bottom line: we will continue to pursue this project but with a different plan/timeline. Will not be submitting anything for the Special Issue, but is a topic worth pursuing further.

5. *The use of GADs (Generalized Anxiety and Depression) Scoring – Lindsay's query during last CAG meeting. – Gail/all*

- Deirdre to put together a brief paragraph summarizing what she found – will post that with meeting materials on the website.

6. *All countries/provinces' systems for reviewing and updating NFP education program – Gail/all*

- Lesley (Scotland): we use Kirkpatrick model of evaluation – 4 levels; an 'end of education' evaluation for educators; Educator Bag: paper bag → put thoughts/comments on post it- notes to come back to; look at data locally and nationally and see what is emerging; educators have observation over facilitation of learning twice a year
- Lindsay (Ontario) and Catherine (Northern Ireland) echoing how helpful Scotland's education team is when seeking ideas/feedback – they are a great resource!
- Nicole (England): How do countries or provinces update facilitators (regarding materials)?

7. *For the benefit of new countries: sharing our "must haves" in the curriculum*

- Trauma and violence informed care
- IPV
- Motivational Interviewing
- PIPE
- Strengths-based working
- Use of data to inform practice
- Self-protection for nurses when they are working in the field
- Dyad observational tool
- Goal setting work
- Boundaries

8. *AOCB*

9. *DONM*

- October 21 (cancelling our August meeting)
