## Global Collaborative Guidance Group Meeting | February 12, 2025

**Participants:** Deirdre Webb (Chair), Jen MacDougall (Nova Scotia), Claire Clack (Australia), Lindsay Crosswell (Ontario), Leilani Jordan (BC) Catherine Magennis (Northern Ireland), Claire Colangelo (NSO), Elly Yost (NSO), David Olds, Anna Lindberg (notetaker)

*Will update attendee list the day of the meeting*

Apologies/Not present: Gail Radford-Trotter, Roianne West, Maria Evgenieva (Bulgaria)

Agenda Item	Notes
Welcome	Welcome Leilani Jordan (new clinical lead in BC!) and Claire Colangelo (Health Equity Officer at NSO)!
Apologies/Regrets	
Update on GCGG Evaluation	<p>Meeting with David/Sue to discuss evaluation – Deirdre created report to outline happenings of the past 12 months</p> <ul style="list-style-type: none"> <li>- Deirdre to share this report out to attendees (and other countries not part of GCGG)</li> <li>- Overall: some countries really liked and benefited from the peer review process, great collaboration/sharing of ideas in other groups like CAG, education leads, data leads; other countries didn't feel that peer review process/GCGG fit their needs; England, Scotland, Norway withdrew from process.</li> </ul> <p>12 months of GCGG</p> <ul style="list-style-type: none"> <li>- Completed peer reviews, a couple of countries just did the "traditional" annual review process, learned lots through the past year.</li> </ul>
Discussion	<p>How can the frequency and agenda of GCGG meetings be optimized?</p> <ul style="list-style-type: none"> <li>- Lindsay: Hard to assess frequency if not all countries are participating – quarterly probably still suitable, but depends on where we land in terms of optimizing agenda.</li> <li>- Catherine: Quarterly meetings feel appropriate, great learnings from peer review process with Bulgaria, all meetings she attends have been helpful --&gt; these reflections may be because she's new to her role, she noted.</li> </ul>

	<p>What improvements can be made to meeting formats to encourage greater participation?</p> <p>How should strategic discussions about program development be shared with countries that have withdrawn?</p> <ul style="list-style-type: none"><li>- Lindsay: hope for collaborative group was to make strategic decisions etc. Across countries – does that mean that countries who have opted out aren't part of decision-making processes? What does it look like moving forward?</li></ul> <p>Should the Peer Review process continue in its current format, and should the International Team be directly involved in future reviews?</p> <p>Any other items we'd like to see on the agenda in the coming months?</p> <p>Lindsay's comments from chat:</p> <ul style="list-style-type: none"><li>- My director and I submitted a proposal in Dec for a grant through our Provincial government to help support/expand NFP in Ontario. Susan Jack provided a letter of support as well. We are hoping to hear the outcome in March. <a href="https://www.ontario.ca/page/ontarios-action-plan-end-gender-based-violence-community-call-proposals#section-0">https://www.ontario.ca/page/ontarios-action-plan-end-gender-based-violence-community-call-proposals#section-0</a></li><li>- The health unit that holds the NFP license for Ontario has a health equity team: <a href="https://www.healthunit.com/health-equity">https://www.healthunit.com/health-equity</a></li></ul>
Update on review of data reporting for phase 5 template	Communication sent to Phase 5 Countries to review Template. David & Deirdre to meet with Phase 5 Countries
AOCB	David will update on Child Abuse & Neglect Special Issue and his paper of the Review of the RCTs
