Nova Scotia →
 - Nova Scotia working closely with Lindsay
 - First client groups to be recruited in January
3. 45 minute presentation by Lesley O'Donnell: *Sharing our experience of developing a reusable learning resource to complement supervisor education*
 - This will offer our learning gained during the process of developing two supervision films and I will also share how we have recently used these to offer a “masterclass” around supervision for supervisors across Scotland.
 - Need to facilitate learning for a range of learning preferences within supervisors
 - Learning forum that brings all supervisors together in Scotland 3x/year → continued professional development, reflection, and support.
 - Real life scenarios pulled from working group to help create key learning scenarios for the videos.
 - Didn't script the scenarios! → sent off to professional media company
 - Just launched the films in late August, will be available on their learning portal by November.

- Developed a supervision masterclass to support continuous professional development.
 - Topics explored in masterclass:
 - Securing identity as a supervisor, Bucket theory, supervision in our time, importance of CPD
 - Watched a little snippet of video (see Zoom recording!)
4. Discussion following presentation.
- Hoping to get 5 years of use out of the meeting, which makes it worth it money-wise
 - Is it a reusable resource for other countries?
 - Learning from the approach/motivational interviewing style would be the important thing to emphasize, less so the resources used in the video.
 - Should have it ready by the beginning of November
 - We could put the link onto the international website! Stay tuned for that.
 - Lindsay going to see if Jodi(?) can share her videos with us around reflective supervision → she worked with Susan Jack on this
 - Would be very valuable for any country just starting out – took Bulgaria a long time to figure out how to do it → would be helpful for Bulgaria now, too, says Maria!
 - Potential of reaching out 1:1 with Victoria from nova Scotia
5. AOCB
- Potential agenda items for December meeting needed!
 - Marion had some potential ideas →
 - Lesley: governance and the educators → looking at framework of capabilities for educators, how do we offer assurance about our practice?
 - Lindsay: planning for building a sustainable education team and ensuring the team you're building is able to provide education as intended
6. DONM;
- December 18 at 1-2:30PM MT
 - Meetings occur every two months on the third Monday of the month → check your calendar invites!
